## **Message from the Provincial Director of Health Services**

Timely contactability between health institutions and between health personnel has been identified as a key area which needs to improve in the Central Province to meet the health challenges of 21<sup>st</sup> Century. During natural disasters, man- made disasters, timely referral of critically ill patients and other emergencies, absence of a list of telephone numbers of the health institutions and key personnel in the Province has made it difficult to communicate. The delay of even a few minutes could cause unnecessary delay in providing appropriate medical attention and facilities.

This Provincial Telephone Directory will hopefully assist in all communications between hospitals and also make health services more efficient and thus would assist in improving the quality of care in the Health Sector while minimizing undue delays.

My special appeal to all health managers is to ensure that this telephone directory be made available for the use of all health staff and that it is used widely. I will be failing in my duty if I do not thank the Directors of TH Kandy, TH Peradeniya and the Medical Superintendants of TH Gampola and DGH Nuwara Eliya and their staff for sharing the respective hospital contact details which has made this directory more comprehensive.

Special thank are also due to the Valuable Services rendered by the Staff of the Planning unit that has Planned and Coordinated the activities related to formulation of the Telephone Directory.

**Dr. (Mrs.) Shanthi Samarasinghe.**  
**Provincial Director of Health Services.**  
**Central Province.**

**MINISTRY OF HEALTH, INDIGENOUS MEDICINE, SOCIAL  
WELFARE, PROBATION & CHILD CARE SERVICES-CENTRAL PROVINCE.**
